The licensee agrees to the conditions of use specified herein. After signing this agreement, (s)he will be provided with a personal password allowing to download the speech data and necessary labelling files. The licensee is allowed to use these data exclusively for taking part in the INTERSPEECH 2015 Computational Paralinguistics Challenge. Papers submitted to the INTERSPEECH 2015 Special Session *Computational Paralinguistics Challenge* that make use of this corpus further need to cite both [1] and [2]:

[1] B. Schuller, S. Steidl, A. Batliner, S. Hantke, F. Höning, J.R. Orozco-Arroyave, E. Nöth, Y. Zhang, F. Wening: "The INTERSPEECH 2015 Computational Paralinguistics Challenge: Nativeness, Parkinson's and Eating Condition. Proceedings of INTERSPEECH 2015, Dresden, 2015, 5 pages, to appear.

[2] S. Hantke, F. Wening, R. Kurlle, A. Batliner, and B. Schuller, "I hear you eat and speak: automatic recognition of eating condition and food type," (to appear - will be distributed to participants of the Challenge).

The corpus is handed over without guarantee. No legal claims of any kind can be derived from accepting and using the corpus. The rights belong to UP. UP is not liable for any damage resulting from receiving, installing or using the corpus or any other files provided by UP in this context. Handing over the corpus or any other files which have been provided by UP containing information derived from it (labelling files, etc.) by the licensee to any third party may not be done without the expressed written consent of UP. Any models, derived from data containing the corpus may - just as the speech data themselves - only be used for scientific, non-commercial applications. This licence expires after the camera ready paper submission deadline for INTERSPEECH 2015. If the licensee wants to use the data/labelling files after this date, another agreement of use has to be made between UP and the licensee.
