The licensee agrees to the conditions of use specified herein. After signing this agreement, (s)he will be provided with a personal password allowing to download the speech data and necessary labelling files. The licensee is allowed to use these data exclusively for taking part in the INTERSPEECH 2017 Computational Paralinguistics Challenge. Papers submitted to the INTERSPEECH 2017 Special Session *Computational Paralinguistics Challenge* that make use of these corpora further need to cite

Björn Schuller, Stefan Steidl, Anton Batliner, Erika Bergelson, Jarek Krajewski, Christoph Janott, Andrei Amatuni, Marisa Casillas, Amanda Seidl, Melanie Soderstrom, Anne S. Warlaumont, Guillermo Hidalgo, Sebastian Schnieder, Clemens Heiser, Winfried Hohenhorst, Michael Herzog, Maximilian Schmitt, Kun Qian, Yue Zhang, George Trigeorgis, Panagiotis Tzirakis, Stefanos Zafeiriou: "The INTERSPEECH 2017 Computational Paralinguistics Challenge: Addressee, Cold & Snoring", Proceedings INTERSPEECH 2017, ISCA, Stockholm, Sweden, 2017.

The corpus is handed over without guarantee. No legal claims of any kind can be derived from accepting and using the corpus. The rights belong to BUW. The licensee shall give appropriate references to BUW, as well as to the name and reference of the Language Resources. BUW is not liable for any damage resulting from receiving, installing or using the corpus or any other files provided by BUW in this context. Handing over the corpus or any other files which have been provided by BUW containing information derived from it (labelling files, etc.) by the licensee to any third party may not be done without the expressed written consent of BUW. Any models, derived from data containing the corpus may - just as the speech data themselves - only be used for scientific, non-commercial applications. This licence expires after the camera-ready paper submission deadline for INTERSPEECH 2017. If the licensee wants to use the data/labelling files after this date, another agreement of use has to be made between BUW and the licensee.

I have read and understood this user agreement and will comply with it.
