The licensee agrees to the conditions of use specified herein. After signing this agreement, (s)he will be provided with a personal password allowing to download the speech data and necessary labelling files. The licensee is allowed to use these data exclusively for taking part in the 2009 Interspeech Emotion Challenge. Papers submitted to the Interspeech 2009 Special Session *Emotion Challenge* that make use of this corpus further need to cite: *Schuller, B.; Steidl, S.; Batliner, A.: "The Interspeech 2009 Emotion Challenge", Interspeech (2009), ISCA, Brighton, UK, 2009*. The corpus is described in more detail in several publications which can be downloaded from:

http://www5.informatik.uni-erlangen.de/en/our-team/batliner-anton/publications/

The corpus is handed over without guarantee. No legal claims of any kind can be derived from accepting and using the corpus. FAU is not liable for any damage resulting from receiving, installing or using the corpus or any other files provided by FAU in this context. Handing over the corpus or any other files which have been provided by FAU containing information derived from it (labelling files, etc.) by the licensee to any third party may not be done without the expressed written consent of FAU. Any models, derived from data containing the corpus may - just as the speech data themselves - only be used for scientific, non-commercial applications.This licence expires after the paper submission deadline for Interspeech 2009. If the licensee wants to use the data/labelling files after this date, another agreement of use has to be (and can be) made between FAU and the licensee.

I have read and understood this user agreement and will comply with it.
